

BACKUP YOUR ENTIRE smartsheet WORKSPACE

Smartsheet vs 6STEP Backup Service

	smartsheet	VS	6STEP
OBJECT	AVAILABLE		
Sheets	<input checked="" type="checkbox"/> CSV file		<input checked="" type="checkbox"/>
Dashboards	<input type="checkbox"/>		<input checked="" type="checkbox"/>
Reports	<input type="checkbox"/>		<input checked="" type="checkbox"/>
Alerts & Actions	<input type="checkbox"/>		<input checked="" type="checkbox"/>
Attachments	<input checked="" type="checkbox"/> CSV file		<input checked="" type="checkbox"/>
Comments	<input checked="" type="checkbox"/> CSV file		<input checked="" type="checkbox"/>

The default Smartsheet backup service is limited to CSV data only. All the effort and bespoke customisation of sheets, reports and dashboards will be lost if corrupted or deleted.

The 6STEP BaaS ensures all elements in the Workspace are protected. All sheets, reports and dashboards can be restored to their customised settings including the important data.

6STEP Backup as a Service (BaaS)
